

BanBao®

Medical goggles

✓Anti-spitting splash ✓Anti-dust ✓Anti-fogging

Elastic band
(random black or white color)

180° wide vision

Fully enclosed

Model No. 9127

Clear lens/Elastic band/Wide vision

Anti-spitting splash

Safety barrier

Anti-smog

Anti-dust

Impact resistance

Anti-fogging

Easily cope with multiple threats to the eyes

Anti-spatter

Saliva, bacteria and other invisible viruses

Anti-chemical

Chemicals in study and work

Anti-dust

Anti-outdoor dust when cycling outdoor or at windy circumstance

In the case of insufficient supply of disposable medical goggles, it can be reused after strict disinfection (Not cross-use).

Professional protection
Medical staff (high-level protection is required)

Safety barrier
Anti-spitting splash

Made with high-quality lens, effective waterproof and impact resistance, prevent saliva spray, give you a safe travel, 360° fully protection

Protective film is on both sides of the lens, please remove it before use

Double-sided anti-fog lens

Highly transparent and breathable
Protect safely

Hermetic barrier
Flexible frame

Curved design conforms to face shape
More fit and airtight
Anti-dust

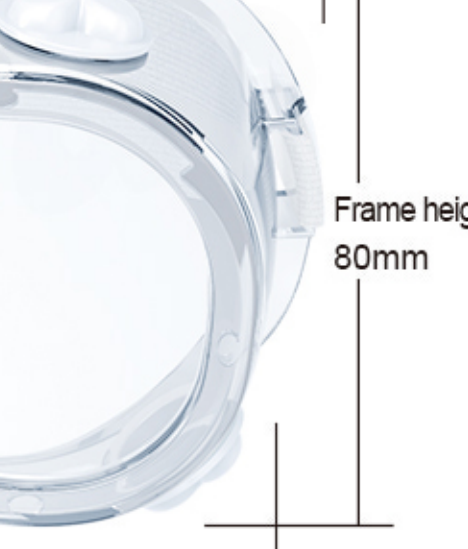

Large lens design
Wear with glasses

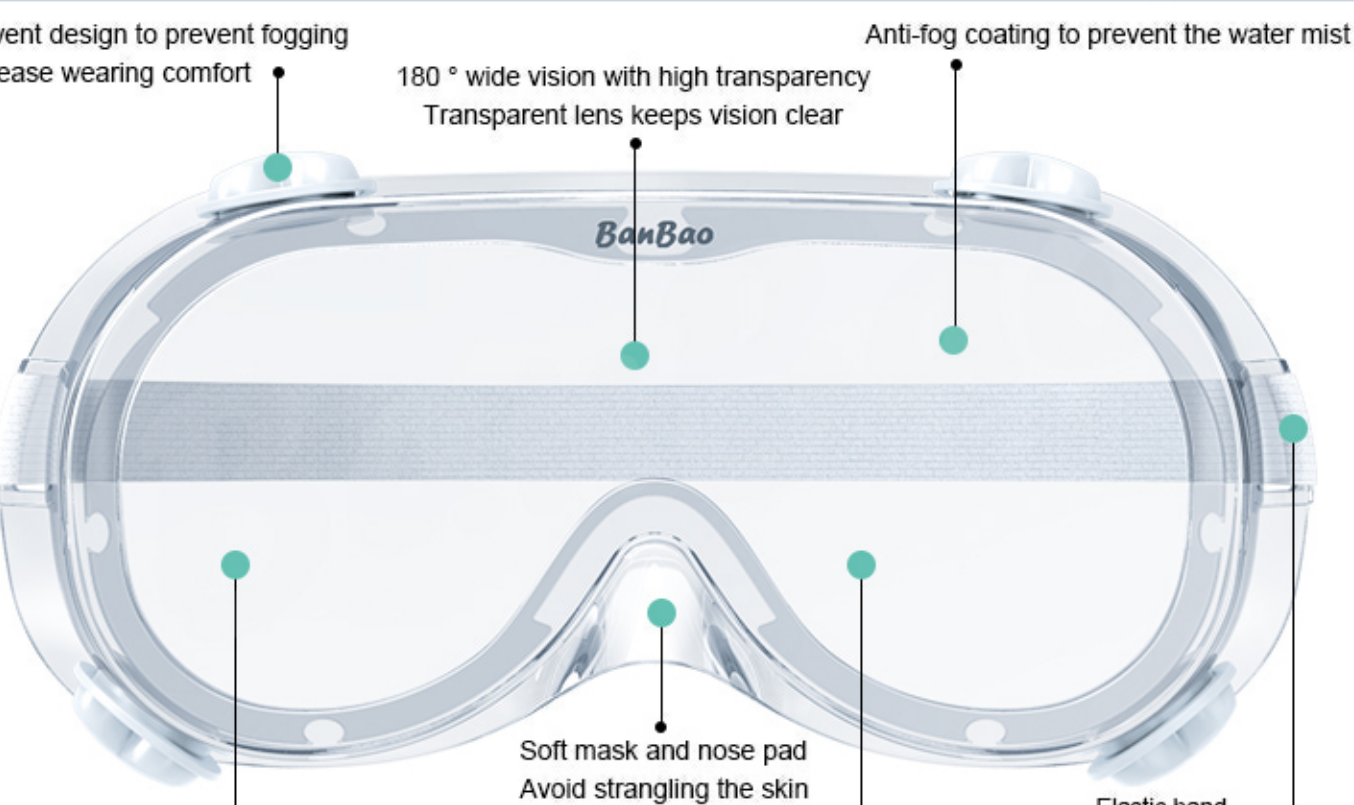

Artificial mechanical design with nose pad to reduce the burden on nose bridge
Design of adjustable band to fit various face shapes

Goggles for STEAM educational experiment classes

product information

Note: The dimensions are measured manually with some tolerances.

Product characteristics analysis

Air vent design to prevent fogging
Increase wearing comfort
180° wide vision with high transparency
Transparent lens keeps vision clear
Anti-fog coating to prevent the water mist

Effective protection to wind, sand, dust and liquid splash
Protection against UV rays
Soft mask and nose pad
Avoid strangling the skin
Elastic band
Fits various face shapes
Sufficient space inside
Wear with glasses

Every detail Refined quality

01

High transparent lens

High lens transparency rate
Keep clear vision when in the complex environment
Impact resistance

02

Soft rubber nose bridge

Soft rubber nose bridge
Good fit with nose pads
More fit and comfortable

03

Vent design

Heart-shape vent design
Enhance air circulation
More comfortable to use
